DETAILED ACTION

1. It is acknowledged that the application claims benefit of US provisional application No. 60/195,901 filed April 10, 2000.

Claim Rejections - 35 USC § 102

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

--the buyer receiving an account identifier from the account vendor (PG) (see col. 7, lines 12-20; and col. 8, lines 61-64); the buyer selecting goods and services for purchase from a seller (see col. 7, lines 20-35); the buyer tendering payment though debiting the prepaid account (EMA) and crediting the amount to the seller (see col. 7, lines 20-44); the seller obtaining
